## C5 SITEC: NEW INTELLIGENCE CENTER

### WHAT IS IT?

An intelligence center for public security where about 150 professionals are in charge of monitoring the state through more than 10,000 technological components such as antennas, video cameras, servers, computers and tablets.

### TECHNOLOGY APPLIED TO PUBLIC SECURITY

The C5 will be connected with the 1,053 educational establishments that exist in Aguascalientes; as well as all health centers and hospitals, in addition to around 200 urban public buses.

### IT COUNTS WITH:

- More than 3,600 cameras
- 450 panic buttons at strategic places
